

The 37th International **Electric Vehicle** Symposium and Exhibition

We are very pleased to announce the 37th International Electric Vehicle Symposium & Exhibition (EVS37) will be held from April 23 to 26, 2024 at COEX, Seoul, Korea.

Since its foundation in 1969, the EVS series has grown into one of the oldest and best world-wide symposiums of its kind and remarkably contributed to the advancement of technology of electric vehicles fields. The theme of the symposium is "Electric Waves to Future Mobility," and will feature an exhibition in conjunction with the symposium, in which all participants will have the opportunity to see the most recent trends in the technology and evolution of electric vehicles.

We encourage you to participate in the EVS37.
For more information, please visit our website (<http://evs37korea.org>).

■ Overview
